

TOP-LEVEL QUALITY

LUKAS IS DEDICATED TO QUALITY

Tools bearing the oSa (Organization for the Safety of Abrasives) trademark have been manufactured and tested according to the strict oSa guidelines. They therefore meet the highest oSa safety standards that apply worldwide. <https://www.osa-abrasives.org>

LUKAS-ERZETT GmbH & Co. KG is a member of FEPA (Federation of European Producers of Abrasives). The Federation of European Manufacturers of Abrasives provides safety recommendations for the correct use of abrasive products.
