

# 300SZ0603 Hand punch stamp with special characters (Durchmesser), 6 mm font height, 58 - 61 HRC hardness at the engraving

## DESCRIPTION

Hand punch stamps with special characters from the series 300 are used for trouble-free marking of workpieces with a tensile strength of up to 900 N/mm<sup>2</sup> (27 HRC) in crafts, industry, and workshops. The stamps have a hardness at the engraving between 58 and 61 HRC. Special characters such as grounding symbols, diameter symbols, etc. can be easily ordered with a fixed article number.

## RANGE OF APPLICATION

For easy marking of workpieces with a strength of up to 900 N/mm<sup>2</sup> (27 HRC)

## BENEFIT

- Font height adjusted to the font image
- To enable the most precise impact, the punch is ground on all sides up to the engraving.
- Thanks to CNC technology, milled with the highest precision

## OPERATION

- Set the stamp and use a hammer to emboss it into the material
