

321-200 Circle cutter \varnothing 40 mm - 200 mm

DESCRIPTION

The disc cutter is used for cutting discs, leather, paper, pressboard, and plastic as well as for making seal rings. The sharp cutting blade is guided on a rail and can be aligned with millimetre precision. The disc cutter allows precise round cuts in the range of 40 to 200 mm in diameter.

RANGE OF APPLICATION

For cutting discs, leather, paper, pressboard and plastic as well as for making sealing rings

BENEFIT

- Millimeter scale on the prism rail enables precise work
- The plastic handle fits particularly well and securely in the hand
- Enables the cutting of various materials
- Also suitable for seal ring creation with small and large cuts

OPERATION

- Bring the cutting knife into the correct position by setting the desired radius
- Set the centre tip on the surface to be processed
- Cut out the selected area

MASTER DATA

GTIN [EAN]	4027474616144
Country of origin	DE
Case material	Tool steel
Series	321
Net weight [kg]	0,495 kg
Package contents	1 piece
Packaging Act	PAP 21
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
