

330-504 9-piece number punch set DIN 1451, 4 mm character height, 58 - 61 HRC hardness on the engraving

APPLICATION IMAGE

DESCRIPTION

The 9-piece digit punch set with extra heavy quality from series 330 is used for easy marking of workpieces with a strength of up to 1300 N/mm² (42 HRC) in craft, industry and workshop. The set has a standardized font according to DIN 1451 and a hardness at the engraving between 58 and 61 HRC. The extra heavy digit punches from series 330 have a larger shaft, which increases the weight and makes it significantly easier to punch into the workpiece.

RANGE OF APPLICATION

For easy marking of workpieces with a strength of up to 1300 N/mm² (42 HRC)

BENEFIT

- Special durability due to manufacturing in a cold forming process, where the material's fibre alignment is not interrupted.
- Packed for overview in our proven, unbreakable plastic box
- A side ground visibility edge allows for precise work.
- The larger shaft provides a better grip

OPERATION

- Place the hand punch stamp and use a hammer to imprint it into the work material

MASTER DATA

GTIN [EAN]	4027474928346
Country of origin	DE
Case material	Tool steel
Series	330-500
Net weight [kg]	0,41 kg
Package contents	1 piece
Packaging Act	PP 05
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
