

600-17 Universal pressure piece set (3-piece) Ø 20, 32, 41 mm

DETAIL IMAGE

DESCRIPTION

The pressure piece kit is used to support the spindle on a hollow shaft. The kit contains a total of three pressure pieces of different diameters that can be combined with each other. Thanks to the stepped silhouette, the pressure pieces sit perfectly on the hollow shaft. Depending on the size, the different pressure pieces can also be nested to achieve the precise diameter of the shaft.

RANGE OF APPLICATION

Used to support the pressure spindle with hollow shaft

BENEFIT

- Support option for the spindle with a hollow shaft

MASTER DATA

GTIN [EAN]	4021176914188
