

689-230 Long-jaw locking pliers with clamping range up to 55 mm, 230 mm overall length

DESCRIPTION

The long-nose locking pliers of the 689 series are used for clamping and gripping in tapering areas in workshops, industry, and crafts. The locking pliers are not only handy and can be operated with one hand, but the toggle joint mechanism also allows very high forces to be applied. The 689 series, as a model, is an ideal choice, especially in situations with reduced accessibility.

RANGE OF APPLICATION

For tensioning and gripping

BENEFIT

- The knurled screw with fine thread allows precise adjustment of clamping range and clamping pressure
- The single-handed quick-release lever with return spring and pinch protection reduces the risk of injury and speeds up the work process

OPERATION

- Use locking pliers to hold material
- Adjust knurled screw and let locking pliers clamp automatically

MASTER DATA

GTIN [EAN]	4021176005688
Country of origin	DE
Case material	Tool steel
Series	689
Net weight [kg]	0,395 kg
Package contents	1 piece
Packaging Act	PP 05
Global sales capability given	Yes (REACH, RoHS, POP, PROP65, TSCA)
