

WT-000 Wall panel, unpopulated

DESCRIPTION

The unstocked Wall panel of the series WT is used for the clean and orderly storage of KUKKO products in industry and workshops. The panel can be stocked in various ways and can thus be ideally used for organisation and overview.

RANGE OF APPLICATION

For use and storage in workshops and industry.

BENEFIT

- Central availability of products for every employee
- Storage on the wall panel makes it easy to see the completeness of the assortment at a glance
