

STARMATCH

Unique CRI+ work light for car polishing

ORIGINAL
SCANGRIP

Take your paint correction to new heights with the unique high **CRI+** work light for direct mounting on your polisher. The perfectly curved light beam and exchangeable battery provide ideal conditions for extensive and demanding polishing tasks.

STARMATCH offers a wide 180-degree illumination with two levels of brightness. It features ALL DAYLIGHT function, offering 5 different colour temperatures enabling you to adjust the light to the surface of the car. The intuitive user interface makes it easy and convenient to adjust the light to the job.

The work light comes with a rechargeable USB-C battery, offering a smart and efficient charging solution. Easily remove the empty battery, charge it through USB-C, and seamlessly continue working with a new fully charged battery.

The lightweight and slim design of STARMATCH makes it incredibly convenient to use. In addition, the work light is durable and waterproof (IP64).

The exceptional colour rendering properties of **CRI+** create ideal conditions for polishing. By mounting the work light directly onto your polisher, you have the light closer to your work area, allowing you to effectively catch any imperfections. Bracket, bolts and spacers for mounting on your polisher are included.

1 x USB-C BATTERY 18650 included.

Incl.:

- Universal mounting kit for handle thread mount
- RUPES mounting bracket
